

TAKE A CLOSER LOOK... WHAT DO YOU SEE?

Every day in China, Falun Gong meditators are kidnapped from their homes and workplaces, and taken into secret prisons where police beating, sleep deprivation, toxic injections, physical restraint, forced feeding, and rape are routine. Why? Because the Chinese Communist Party feels threatened by their belief in the principles of truthfulness, compassion, and tolerance. This persecution has persisted since 1999 and continues to affect millions of people. Despite this, Falun Gong practitioners in China and around the world continue to maintain their faith, raise awareness, and advocate for freedom of belief.
